Mr. Ken Gibbs
President
Maimonides Medical Center

Dear Mr. Gibbs,

I wanted to take the time to thank you and Maimonides Medical Center for your ongoing support of Bay Ridge Center. We are grateful to include you among our key community partners and your generosity has helped us in our mission to provide programs and services that ensure older adults in Southwest Brooklyn age successfully in place.

In addition Bay Ridge Center was fortunate enough to be included among Maimonides' Strong Communities Fund grantees. Support from this initiative allowed BRC to continue our Connect to Vax program which educated our older adult community about Covid and provided direct access to vaccinations and booster shots.

Again, my sincere appreciation for Maimonides' commitment to community service in Brooklyn.

Best Regards,

Todd W. Fliedner
Executive Director
