Mr. Kenneth D. Gibbs  
President & CEO  
Maimonides Medical Center  
4802 10<sup>th</sup> Avenue  
Brooklyn, NY 11219

Dear Mr. Gibbs,

When I first became chief in May 2000, one of my first meetings when I toured Brooklyn South was with the executive leadership at Maimonides Hospital. That was time very well spent. The hospital became an integral part of the NYPD's service to the community, and remains such, because it is an important venue to bridge the gap between the many different communities through the borough. Maimonides' activism and position of prominence in the community enables us to connect with many diverse populations. This all supports public safety, which is, was, and always will be, our primary mission.

22 years later, I remain associated with the executive leadership. In these years, I been treated at Maimonides as a patient myself, had my family and friends treated there, as well as countless police officers who I have connected with and visited at Maimonides. The hospital continues to provide superior service that is not only at the forefront of healthcare, but also professional and with the utmost compassion. I am proud to be affiliated with, and a friend of, Maimonides, its staff and leaders.

Sincerely,

Joseph Fox

Retired NYPD  
Chief of Transit Bureau  
Commanding Office Patrol Borough Brooklyn South
