Brooklyn, New York

To whom it may concern:

I would like to take this opportunity to thank the staff, medical and non-medical, of Maimonides Hospital for their hard work and dedication to their patients. I, as well as some of my family members have been patients at Maimonides Hospital and have always received the utmost care.

We could not be more thankful to the staff of Maimonides for the help and care they give to the men and women of the DSNY, who sometimes get hurt while working in the very busy area surrounding Maimonides Hospital. They always receive prompt attention and treatment.

Sincerely,

A handwritten signature in cursive script, appearing to read "John Talmadge".
