To Maimonides Hospital;

Dear Administrators,

I want to express my
gratitude to your wonderful
Staff and Doctors and Nurses.

I had two major procedures
at your hospital, one was
prostate surgery, by Doctor

Erwin Teper, he is to be
highly praised for his ability
and friendly caring personality,
also for his faith in God.

I also had a pacemaker
implant by Doctor Yisachar Jesse
Greenberg. He also is to be
highly esteemed for his knowledge
and ability in his field and
his devotion to loving care.

(OVER)

Orina Rapoport, PA and Miriam
Zidile, RPA-C, they and others
who were part of ~~the~~ the
surgical teams whos names I
can't recall all deserve credit
for their outstanding work and
dedication. May you be aware
of their outstanding service,
and keep on the path of
humane and loving care.

Sincerely, in God's
Providence and Love,
Ronald Gardino

P.S. Keep up the Lord's work!
Thank You!
