

October 2021

Dear Ms Batson,

I am writing this letter to express my sincerest appreciation for the care my family member received when he was admitted to Maimonides Emergency Room.

Dr. Carlos Henriquez Felipe went above and beyond all our expectations. His knowledge and professionalism was extraordinary. Dr. Felipe's calm demeanor, compassion and concern greatly reduced our stress and anxiety.

Over the years we have been treated in other emergency rooms but have never been cared for by a doctor of his caliber.

Many thanks to Maimonides Hospital and Dr Felipe for providing us with excellent care

Sincerely
A Grateful Family
